Dispelling Separation: A Cultural Program

with Dignitary
Bikbaye Injenema

Bikbaye co-founded CYGM (Conscious Youth Global Movement) and is a Training Consultant for several social service organizations and the Los Angeles DHS and LAHSA. "Transformational Facilitator" would describe his work.

Let's look at our experience through the lens of Self Love and Human Relations. How do you interact with yourself and others? It all has to do with how you see the world. Do you see how we are all the same? Can you envision how we can build a new way? Can you imagine a world in which we interact with Love? These statements are the foundation of our mental, emotional and physical experience of life. Go forward being mindful of how powerfully your words are. *You are a majority made of one.*
